Machine Learning & Deep Learning

一 李宏毅

2020年4月15日

Learning Map Kaggle → Learning order Easy Normal Challenging (數小時完成) (數日完成) (數分鐘完成) (僅供參考) PyTorch Use RNN Regression Seq2seq Classification -**GAN** Use CNN Unsupervised Meta Learning ← Learning Explainable AI (Auto-encoder) **CNN** required Adversarial Life-long Anomaly Detection Attack Learning Transfer Learning Reinforcement Network (Domain Adversarial Learning Compression Learning)
